

KNEUS

KUSHT NIYANTRAN EVUM UNMOOLAN SAMITI

ANNUAL REPORT 2018

ABOUT KNEUS

KNEUS is an Organization that embodies love, care and concern, which was working national level since 1992 in the field of healthcare in rural areas of U.P, M.P, Delhi and Uttarakhand. It was formally registered in the year 1992 to work towards the elimination of leprosy to the extent possible. The continued dedication and commitment of KNEUS in its leprosy elimination attempts have been the crux of our achievements in the field of leprosy elimination. Now KNEUS is much more than what it was. In many places KNEUS' partners with governments, communities, and other organizations to provide innovative, efficient, and sustainable healthcare facilities to the people. KNEUS helps them in delivery of vaccines and other medical facilities, healthcare workers training and supervision. KNEUS struck the roots and made commendable progress during the last two decades. It has been in existence and was working in North India in the districts of Uttar Pradesh, Uttarakhand and Delhi. Now KNEUS is working for TB control as a private partner NGO.

OBJECTIVE

To collaborate and work towards the achievement of the national aim of controlling and eliminating leprosy, tuberculosis and other communicable diseases.

VISSION

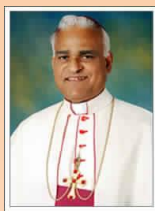

A healthy and Happy Society

MISSION

To Promote health excellence by empowering individuals to take ownership of their health.

INTRODUCTION

KUSHT NIYANTRAN EVUM UNMOOLAN SAMITI (KNEUS) is a registered voluntary organization working for Leprosy, HIV/AIDs, Tuberculosis and other communicable diseases in the states of Uttar Pradesh, Uttarkhand and Delhi for almost three decades. In the year 1987, KNEUS started working in 57 leprosy colonies in the western UP and treated over 5,000 leprosy patients. In 1992, this work was extended to villages and cities. This program was carried out through door to door surveys and health education programs, patients were detected and treated. This is evident from the fact that nearly 49,720 **numbers of medical interventions for leprosy affected person were taken up**. The leprosy focused services carried out by the organization have been extended to tuberculosis after integration of leprosy treatment into general health in 2003. The systematic and scientific approach planned and implemented by KNEUS has yielded desired result in several folds. KNEUS started 9 DMCs under RNTCP project NGO/Private Provider/PPP Partner in 2003 in urban slums and remote areas. Ever since KNEUS signed Memorandum of Understanding (MoU) with District Tuberculosis Officer (DTO) on behalf of District Health Society (DHS) on 29.10.2003 it has **registered and treated 28,038 Tuberculosis patients** so far in this colony and villages till 2018 December.

KNEUS is a member of STOP TB Partnership. Now KNEUS is having two DMCs in Noida & Salarpur district Gautam Buddh Nagar and the head office facilitated with Dispensary, fully equipped Pathology lab, physiotherapy, Dental care, TB Care, X-ray, Therapeutic & rehabilitation for differently abled children and rehabilitation towards bright future- educational support to children of leprosy affected family.

DMCs are working for the healthcare of the people residing around in this area since 2003. DMCs facilitate with qualified Doctors, Paramedical workers, nurses and Lab technicians. It has a long history of supporting health services at the community level, often with remarkable effectiveness and rapport with the communities. KNEUS also have capacity to provide excellent treatment support, counselling for patients, and contributes to public health oriented activities in TB treatment, namely address verification and default retrieval. Through these centres free sputum check up and medicines are given to the people those who are suffering from Tuberculosis, Leprosy and other communicable diseases. Majority of the population approaching this centre are daily wage earner, labour class. The staffs in this centre are providing health services & education to the people. The District Health Society was providing training and technical guidance & support and performs laboratory quality control. They monitor diagnostic quality (two smears taken for diagnosis and one for follow-up, proportion of positive smears among new cases 17% which are more than target). Ever since KNEUS signed Memorandum of Understanding (MoU) with District Tuberculosis Officer (DTO) on behalf of District Health Society (DHS) on 29.10.2003. It has **registered and treated 28,038 Tuberculosis patients** so far in the allotted area till December, 2018.

We provide Anti tuberculosis treatment and antibiotics free of cost General medicines to various sickness with charitable discount for the benefits of the patients. Patients are happy with our services We too have collaboration with the diagnostic centers which charges the patients with concession. As a whole we the staff of KNEUS give holistic care and proper counseling to the patients for their cure and treatment. Patients feel very free in sharing their problems and they found peace and tranquility in their very daily life. We too thank the Almighty for the collaboration of the patient with us...we too are happy to render our service to the needy and wanted.

Home visit-Retrieval action

We do communicate with phone or visits to patient home after missed dose or initial defaulter for find the reason of missed dose . Our team and District Senior Treatment Supervisor give the solution of their reason and retrieve on treatment.

WORLD TB DAY CELEBRATION

The theme of [World TB Day 2018](#) - “Wanted: Leaders for a TB-free world”- focuses on building commitment to end TB.

KNEUS had Organised work shop on TB on this auspicious occasion of world TB day on 24th March 2018 to create awareness and support to eliminate tuberculosis in working area of SEC-10 NOIDA.. There were TB Cured patients, under treatment patients and DOTs provider participated in this enriching program.

KNEUS had Organised community awareness programs at other DMC Salarpur to create awareness and support to eliminate tuberculosis. There were lot of people gather and out of this crowd there were cured TB patients were participated and gave testimonies.

SUPPORT TOWARDS LEPROSY – REHABILITATION ACTIVITIES

"A get together for the families Affected by Leprosy (19th December 2018)"

Kusht niyantran Evum Unmoolan Samiti (KNEUS) is a home for all leprosy affected people. KNEUS organizes Christmas day and new year celebration every year alongwith leprosy affected families. On this awaited day all participants from different leprosy colonies of Punjab,

Haryana, Bihar, Uttrakhand, Uttar Pradesh and Delhi were there to share the joyful occasion.

On this get together KNEUS provides materials for their daily survivals like foodstuff, cloths, educational materials and **Self care kits for leprosy affected people.**

There were 105 Leprosy affected families and other present.

TOWARDS BRIGHT FUTURE- EDUCATIONAL SUPPORT TO CHILDREN OF LEPROSY AFFECTED FAMILIES

The present activity for the Leprosy affected families . Every year the KNEUS recruits children from nearby leprosy colonies with in collaboration of Fr. Agnel Balbhawan Greater Noida for their education. With the generosity of Fr. Agnel Balbhawan KNEUS gets 15 seats in the school for the future of the children in buildup.

It provides every thing free of cost to buildup the career of the children whose parents are affected by leprosy. To recruit the children we have an interview of every leprosy affected family, that are also from a poor family background. We take into this consideration the children who get dignity and respect in the society and can have her/his good life, career and for a bright future.

The Children admitted to the academic year 2019- 20 : 11
